Hi Charissa,

We will need to brief David on the project, given its controversial nature. Can you prepare a Fact Sheet on the project, identifying the impacts and the major issues (alignment not the LEDPA, impacts to remnant wet prairie, etc.)? Ex. 6 Personal Privacy (PP)  
Ex. 6 Personal Privacy (PP) but I can help you with this on Tuesday morning if you want to take a stab at a draft. I'm attaching an example of one to give you an idea of the kind of information that is needed; not everything will translate, but I am working remotely and it's a hassle getting into my F: drive. Tracy probably has some good examples of fact sheets that she can share with you, as well.

Have a great weekend, to all.
